

Innovative book of Dr. Arijit Das published

■ NEC Report

Agartala, Sep 22 : Innovative book of Dr. Arijit Das, entitled 'Innovative Mnemonics in Chemical Education: A Handbook for Classroom Lectures' finally published online from the Cambridge Scholars, Lady Stephenson Library, Newcastle upon Tyne, NE6 2PA, UK on September 11. Its hard-back volume will be published on 1st Nov 2019 from the Cambridge Scholars Publishing (mentioned in their Web). It will be indexed in the World's largest library 'British Library', London. A catalogue record for this book is available from the British Library. This book details formulae-based,

time-economic, and innovative learning techniques in chemistry, which serve to help students grow an interest in chemistry, and memorize specific aspects of the subject. It highlights the limitations of conventional methods and solves them in innovative ways. The volume also provides different chemical applications and problems, which will encourage students to solve multiple choice-type questions (MCQs) at different competitive examinations (NET, NEET, JEE MAIN, JEE ADVANCE, STGT, STPGT, etc.) in a time economic ground, and highlights some attractive, free educational chemistry tools, which can be used in solving a number of different problems.
