

# Cambridge Scholars publishes Arijit Das' book

## Times News

Agartala, Sep 17: Prestigious Cambridge Scholars has published a book of Dr. Arijit Das, titled 'Innovative Mnemonics in Chemical Education: A Handbook for Classroom Lectures'.

Its Hardback volume will be published on 1st Nov 2019. It will also be indexed in the 'British Library', London. A catalogue record for this book is available from the British Library.

This book details formulae-based, time-economic, and innovative learning techniques in chemistry, which serve to help students grow an interest in chemistry, and memorize specific aspects of the subject. It highlights the limitations of conventional methods and solves them in innovative ways.

The volume also provides different chemical applications and problems, which will encourage students to solve multiple choice-type questions (MCQs) at different competitive examinations (NET, NEET, JEE MAIN, JEE ADVANCE, STGT, STPGT, etc.) in a time economic manner and highlights some attractive, free educational chemistry tools, which can be used in solving a number of different problems.

This book emphasizes chemical education in the light of a variety of mnemonic techniques to make it metabolic, time economic and intelligible for students because the use of mnemonics in classroom lectures is an essential tool to become a distinguished educator.

Dr. Arijit Das is an Assistant Professor in the Department of Chemistry at Bir Bikram Memorial College (BBMC), Agartala, India, having received his M.Sc. and Ph.D. from Tripura Central University, India, in 2001 & 2008 respectively.
