Arijit Das invents three more methodologies, as many formulae, acknowledged by USA

By Our Correspondent

Agartala, Apr 04, 2018 : Tripura's renowned Chemistry scholar Dr. Arijit Das got another feather in his cap as his other innovative mnemonics, entitled "Lone Pair Electron Discriminate Hybridization with Aromatic and Anti Aromatic behavior of Heterocyclic Compounds - Innovative Mnemonics" published from World Journal of Chemical Education, SciEP, USA 2018; 6(2):95-101. doi: 10.12691/wjce-6-2-4. It may be recalled here that Dr. Arijit Das is Assistant Professor of department of Chemistry of Ramthakur College in Agartala. So far, Dr. Arijit Das invented a total of 19 methodologies and 39 formulae of chemistry including recently invented three methodologies and three formulas. The World Journal of Chemical Education, SciEP, USA in their acknowledgements said that Dr Arijit Das in his approach, formulae based mnemonics by counting lone pair of electrons (localized or delocalized) have been highlighted by innovative and time economic way to enhance interest of students' who belong to paranoia zone of chemistry for the prediction of Hybridization state of hetero atom and Aromatic, Anti aromatic, non aromatic behavior of different heterocyclic compounds.
